OBJECTIVE

Detail-oriented **Full Stack Developer** with around **2 years of hands-on experience** in building web and mobile applications using **React, React Native, Redux Toolkit, REST APIs, Codeigniter 4 and Firebase**. Experienced in developing production-level applications including food ordering, logistics, and inventory systems. Strong in UI development, API integration, and state management. Seeking an opportunity to grow technically and contribute to scalable products.

WORK EXPERIENCE

Full Stack Developer, CLERKVERSE TECHNOLOGIES PRIVATE LIMITED (Remote)	05/2024 – Present Coimbatore
- Developed and maintained scalable web and mobile applications using React, React Native, and Capacitor across multiple domains including food ordering, inventory management, ERP (weaving industry), and matrimony platforms. - Designed and implemented RESTful APIs using CodeIgniter (PHP) for core functionalities such as order processing, sales and purchase transactions, user authentication, payments, and admin management. - Developed and maintained BIRT reports for business insights and data reporting. - Handled end-to-end API integration using Axios. - Managed global state using Redux Toolkit and implemented asynchronous API calls with createAsyncThunk. - Built reusable and responsive UI components using React Bootstrap, PrimeReact, and React Native Paper. - Integrated real-time push notifications using Firebase Cloud Messaging (FCM). - Optimized API performance, handled validation, and ensured secure data flow between frontend and backend. - Troubleshooted and resolved payment retry issues during Cashfree integration before production release.	
Junior Associate in DATA ANALYST, BLUEZ INFOMATIC SOLUTIONS (10 Months)	Gandhinagar, Tirupur

EDUCATION

BSC COMPUTER SCIENCE – 90%, LRG GOVT ARTS COLLEGE FOR WOMEN, TIRUPUR	2023
12th STANDARD – 75.17%, JAIVABAI MUNICIPAL GIRLS HIGHER SECONDARY SCHOOL, TIRUPUR	2020
10th STANDARD – 87.8%, JAIVABAI MUNICIPAL GIRLS HIGHER SECONDARY SCHOOL, TIRUPUR	2018

TECHNICAL SKILLS

Languages JavaScript, HTML5, CSS, TypeScript, PHP.	Frameworks & Libraries React, React Native, CodeIgniter, Expo, Redux Toolkit.
Tools, Platforms & Integrations Firebase (Authentication, Cloud Messaging – FCM), Message Central (OTP SMS, Notifications), Cashfree Payment Gateway, Node.js, MySQL, SQLite.	APIs RESTful APIs, Axios, and WebSocket.
Version Control Git, GitHub.	Mobile Development Expo, React Native Paper, Expo SQLite, Capacitor, SecureStore.

LANGUAGE KNOWN

- TAMIL
- ENGLISH
- KANNADA

PROJECTS

Food Ordering Platform (Web & Mobile – Capacitor), (React, Redux Toolkit, REST API, Capacitor) - Built a responsive food order app using React (Vite), Redux Toolkit, and RESTful APIs. - Integrated Cashfree Payments and MessageCentral for transactions and notifications. - Managed order flow with Redux createAsyncThunk for asynchronous API calls. - Implemented real-time push notifications using Firebase Cloud Messaging (FCM) via Capacitor, enabling instant order status updates (order placed, accepted, delivered).
Inventory Management System - Developed modules for product entry, stock tracking, and billing - Generated print-ready invoices for sales transactions.
Weaving ERP Management System, (React, Codeigniter, Redux Toolkit, BIRT) - Developed ERP modules for the weaving industry including master data, fabric, yarn, sales orders, purchase orders, and other business transactions. - Created and maintained BIRT reports for sales, purchase, and inventory data to support business reporting and analysis.

DECLARATION

I hereby declare that all the furnished above information is true to the best of my knowledge.
